	Frequency band used	2.4 GHz
	Compatible codecs	SBC, AAC

PRODUCT FEATURES

Portability and playability

Easily carry the OMNIS-DUO anywhere thanks to its compact size, modest weight, and rounded corners. The system's 2-deck + mixer layout feels great for DJing, and there are 2 modes for the touchscreen – Light and Dark – so you'll always see the displayed information, even in bright outdoor settings.

5-hour battery

Play for up to 5 hours without plugging into the mains. You can also connect the AC adapter or plug in a compatible power bank (45W or more) to the dedicated USB Type-C terminal. And if you combine the OMNIS-DUO with the battery-powered WAVE-EIGHT speaker, which features ultra-low-latency SonicLink technology, you can enjoy wireless DJing for total freedom.

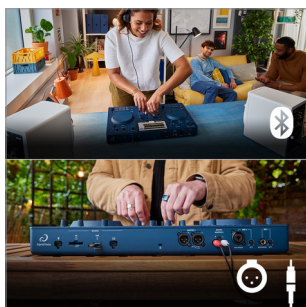

Bluetooth audio input

Invite a friend to connect their phone to the OMNIS-DUO via Bluetooth and you can drop their favorite track into your set. With the Bluetooth Playback function, you'll have control of the audio on the deck. So, you can adjust the volume and EQ, apply effects to the sound, change the tempo, use Hot Cues, and scratch.

Support for multiple music sources

USB Type-A drives and SD cards can be plugged straight into the OMNIS-DUO, as well as a PC/Mac via the USB Type-C terminal for use with rekordbox Performance mode. The Wi-Fi® function offers easy access to tracks on a PC/Mac, smartphone, or the cloud without a wired connection¹. Support for Serato DJ Lite is coming in summer 2024.

Flexible audio output options

There's no limit to the places you can hold a party, thanks to the Bluetooth audio output function. And when the time comes to play in a venue like a bar, you can use the professional XLR output, while the RCA terminals are perfect for plugging in monitor speakers at home.

Brand-new design

The OMNIS-DUO looks at home everywhere you take it – from professional events to spontaneous outdoor parties. Its new indigo color is inspired by denim jeans, a classic and hugely versatile fashion item, and the unique curves of the unit create a sleek silhouette.
